

# About Us

Name	Version Creation Time	Abstract
Build Security In Project	10/13/09 9:04:48 AM	The Build Security In Software Assurance Initiative (BSI) is a project of the Strategic Initiatives Branch of the National Cyber Security Division (NCSD) of the Department of Homeland Security. Staff of Carnegie Mellon University's Software Engineering Institute contribute and review articles and maintain the site. Content has also been contributed by researchers and practitioners from Cigital, Inc. and other organizations (see Contributing Authors <sup>1</sup> ).
Build Security In Review Process	5/19/06 1:22:09 PM	All documents authored for the Build Security In web site go through this development and review process before publication.
Contributing Authors	2/24/09 5:00:20 PM	This is the list of authors who have contributed directly to the articles on this site.  For information about authoring content for BSI, see the Call for Authors and Reviewers <sup>2</sup> page.
Copyrights and Legal Issues	3/8/06 4:24:40 PM	Copyrights vary depending on the source of the content. Please refer to the copyright information at the bottom of each article.
Disclaimers	3/25/09 3:32:55 PM	<b>Disclaimer of Endorsement</b>
Project Leadership	8/3/09 4:56:34 PM	The following people are currently leading the development and operation of Build Security In:
Reviewer Acknowledgements	12/22/09 1:26:12 PM	The individuals named are generously donating their time to provide peer reviews of selected draft articles for the site. We gratefully acknowledge their comments and contributions.
